## **Advice Paper OA1** **April 2010**

### **GENERAL ADVICE ON FINDING A PLACE IN A CARE HOME**

This paper has been prepared to assist those seeking long-term accommodation in a Care Home.

It would be quite impracticable for the Association to maintain an up-to-date register of accommodation covering the United Kingdom, but we hope that the following information will be helpful.

There are Homes run by Service charities and others by certain voluntary and private organisations with whom the Association has nomination rights or close liaison.

**Annex A** gives details of Homes which have ex-Service connections and are open to ex-Officers and dependants.

**Annex B** gives details of voluntary and private homes known to the Association.

Unless otherwise indicated, any enquiry and/or application should be made direct to the Home or organisation concerned.

Help in finding private Homes can be obtained from the agencies listed on the next page, which are experienced and sympathetic to the problems of the elderly.

Details of local private Residential Care and Nursing Homes can also be obtained from the

- Social Services Department of local authorities
- medical social workers in hospitals
- local branches of the Red Cross and Age Concern
- Citizens' Advice Bureaux
- 'Yellow Pages`.
